Start date of project: 1 st June 2021	Project duration: 48 months, until 31 st May 2025

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000570. This output reflects only the author's view and the European Union cannot be held responsible for any use that may be made of the information contained therein.

1 PUBLISHABLE SUMMARY

The purpose of the current Deliverable 7.1 (Project Manual) is to define the Consortium operating procedures, summarizing all the required knowledge for the good management of the project (in terms of administrative forms, financial aspects, quality process, etc.). It will promote best practices and lead VIRTIGATION to its foreseen and desired success.

This document will:

- Provide the necessary framework for a successful project management and monitoring;
- Define clear and measurable performance indicators and identifiable deliverables;
- Establish the guidelines for financial reporting, presentation standards for deliverables and reports;
- Include an internal review procedure to guarantee the quality of the results obtained during the project;
- Include an internal communication framework that provides clear, informative and engaging two-way communications that are planned and effectively link together the key messages.

This document is based on the terms and conditions established in the Grant Agreement (GA) and its Annexes, as well as the Consortium Agreement (CA).
